ONE FROM HNI

ONE from HNI is committed to fulfilling the global requirements of our customers. ONE's core strength internationally is the ability to provide a BROAD PRODUCT PORTFOLIO. To that end, we made strategic investments to build capabilities in core regions around the world. In those regions where we do not have manufacturing capabilities, we have aligned with like-minded, highly capable strategic business partners that provide LOCAL MANUFACTURING, SERVICE, AND CULTURAL KNOWLEDGE. We believe this provides our customers with the best value, and relevant market and culturally sensitive solutions.

50 countries on five continents

COORDINATION & PROJECT MANAGEMENT SERVICES

ALLSTEEL HELPS ORGANIZATIONS DELIVER OUTCOMES THAT MATTER.

Allsteel brings forward-thinking design into the present by opening up possibilities, anticipating obstacles and creating solutions. Via our network of aligned dealers, Allsteel provides comprehensive life-cycle service. Our workplace strategy teams apply the latest research to support productivity, efficiency, teamwork, and focus.

STRONG BRAND AND LEADING EXECUTION IN INDIA.

BP Ergo pioneered modular office furniture design and manufacturing in India. Half of BP Ergo's Business comes from repeat customers, a testimonial to our market leadership position and customer service. BP Ergo has been a recipient of several awards and certifications for its design, execution and sustainability capabilities.

THE HON COMPANY FILLS EVERYDAY NEEDS WITH TRUSTED SOLUTIONS.

Inspired by practicality and invested in understanding the needs of our customers, The HON Company offers a comprehensive line of office product solutions for small- and medium-sized businesses as well as learning and healthcare environments. Our commitment to serving our customers is rooted in reliable performance and a member culture that is approachable, confident, smart and ready to serve. The HON Full Lifetime Warranty is our signature promise to every customer that their satisfaction is our priority.

GUNLOCKE MAKES WOOD FURNITURE FOR THE WORLD'S MOST DEMANDING CLIENTS.

Gunlocke's long-standing craft heritage is grounded in honesty and integrity. The values we have as furniture makers also carry through in the service we give our customers. Our focus is on furniture that is as substantive and purposeful as the remarkable individuals and organizations who choose to use it.

HBF ENRICHES HUMAN EXPERIENCES WITH VISIONARY DESIGN.

HBF believes in the power of great design. A recognized leader in contract furniture design innovation, HBF's portfolio brings to life the vision and insight of some of the most well-known product designers, including: Barbara Barry, Orlando Diaz-Azcuy, Yves Behar and Robert A.M. Stern. The resulting collections of original furniture and textile designs are a rich palette that designers and architects can use to deliver compelling experiences.

LAMEX PROVIDES FUNCTIONAL WORKPLACE SOLUTIONS TO CHINA AND SOUTHEAST ASIA.

At Lamex, our design philosophy is to create beautiful and functional products that contribute to a healthy and productive workplace environment. Central to this philosophy is the design and manufacturing of reliable and durable products that minimize the impact to the environment. Lamex is your service and manufacturing company in China.

AHREND IS THE LEADING EUROPEAN EXPERT IN THE FIELD OF PROFESSIONAL WORK ENVIRONMENTS.

Ahrend is renowned for supplying sustainable products of the highest quality, design, and functionality with manufacturing in Europe. Their history of working with established architects and designers has resulted in the creation of timeless classics. It is no surprise that products like Friso Kramer's Revolt Chair (introduced in 1953) and the Mehes (designed in 1971), are still best sellers today.

ONE PROMISE. ONE PORTFOLIO.

ONE PARTNER. ONE TEAM.

RICCO, AN ALLIANCE PARTNER TO HNI IN BRAZIL.

With manufacturing facilities in Brazil, Ricco a company that stands for excellence in quality and innovation of products, solutions and trends in the organization of work areas, care for its employees and to society through programs and sustainable practices. Considered one of the top three companies in the furniture industry in Brazil, RiccÓ has the largest sales force in the domestic market, with an extensive team of architects, designers, planners and experts in consulting office furniture, ready to assist the most diverse types of businesses.

Allsteel Stride®

Stride is a furniture collection that is as versatile as you need it to be. Panels and technology seamlessly integrate with Beyond through dimensionality and integration. As with Beyond, a wide range of material choices are available to make a statement about the Amazonian brand, values, goals, and work styles.

- Sit-to-stand surface
- Off-modular panels
- Footed panels
- Spanning glass and top trim

Lamex A30 + A50

Simplicity is the core design language for A30+A50. The simple and sophisticated design delivers a workstation and open space with a neat, organized and refined appearance.

- Easy reconfiguration, high flexibility
- Easy cable management
- Local service, Global reporting
- 10 year warranty
- BIFMA tested

BP Ergo Element™

ELEMENT is a system that will give you almost as many options as you want in colours, materials and finishes. It's a matter of mix and match by you to build up an office of your own.

- Easy reconfiguration, high flexibility, segmented tiles
- Local Service, Global reporting
- 10 year warranty
- BIFMA tested

Ahrend Four_Two

Ahrend Four_Two is a furniture system with several design versions and its own identity, suited for all types of workplaces.

- No-nonsense design: tight and functional
- Furniture programme for all workplaces and settings, works both individually and as a team, and for conference situations
- Modular (20 cm for length and width), flexible, and quick to assemble
- Complies with all applicable ergonomic standards
- Fully recyclable

SYSTEMS

Leveling Capabilities

Integrated, patent pending scissor lift mechanism provides superior adaptability to changing building conditions allowing for $+/-\frac{3}{4}$ height adjustment in the base and $+/-\frac{3}{4}$ float in the ceiling channel.

Unitized Construction

Beyond walls feature quality-controlled unitized factory construction to speed installation and reconfiguration.

Warranty

- Beyond movable walls – 10 years.
- Moving parts such as door hardware and door mechanisms – 5 years.
- Customer's own hardware – supplier warranty.

Segmentation

Beyond framed glass and solid walls can be segmented horizontally in multiple options, providing additional design opportunities.

Sustainability

Beyond is pursuing BIFMA level and Indoor Air Quality Gold certifications for framed glass and solid walls.

Acoustics and Access to light

Beyond walls offer enhanced acoustic benefits while creating spaces filled with natural light. Multiple glass thickness and options available for added acoustic performance.

Revit

Beyond is modeled in Revit software providing the architectural team the ability to develop a design concept, draw, place, view and render the product as part of the overall building drawing documentation.

Integrated Ceiling Trim

Factory-installed, integrated ceiling trim eliminates the need to climb ladders on the job site to trim out the top.

Allsteel Altitude

Allsteel's Altitude height-adjustable tables and worksurfaces provide the perfect combination of styling and user-controlled functionality.

The sit-to-stand adjustment assists in reducing user stress and mental fatigue during the workday by providing flexibility and comfort for varying postures.

- Full sit-to-stand range
- T-leg and C-leg option
- Crossbar-free design exceeds knee clearance recommendations
- Memory and basic control option.

Lamex Avail Desk

Avail Height Adjustable Desk creates the ultimate healthy work environment by helping your body move naturally throughout the day. Wide range of adjustment combined with integrated wire management and quiet operation deliver a smooth movement and enjoyable experience.

- Easy reconfiguration, high flexibility
- Easy cable management
- T-shape and U-shape leg option
- Local service, global reporting
- BIFMA tested

Ahrend Four_Two

Ahrend Four_Two is suited for all types of workplaces. It has a broad range of furniture options including, tабels, desks, duo-tables and benches.

- No-nonsense design: tight and functional
- Furniture programme for all workplaces and settings, works both individually and as a team, and for conference situations
- Modular (20 cm for length and width), flexible, and quick to assemble
- Complies with all applicable ergonomic standards
- Fully recyclable

Allsteel Aware

Aware tables can do anything you need them to do and look anyway you want them to look, thanks to a variety of aesthetic and functional options that allow you to keep it simple to meet your budget or add features to meet specific needs. The light-scale, streamlined style creates a sleek look that fits anywhere you need an extra worksurface.

- Flip-top tables
- Folding tables
- Fixed tables
- Power options

Lamex Artica

ARCTIA can be ganged to accommodate office functions such as training, team meeting and conferences. From individual to large teams patterns, ARCTIA is well able to create varieties of configurations.

- Folding style
- Soft and hard wired
- Locking casters
- Local service, Global reporting
- 10 Year Warranty
- BIFMA tested

Ahrend 22

Ahrend Four_Two is suited for all types of workplaces. It has a broad range of furniture options including, tабels, desks, duo-tables and benches.

- Timeless and transparent design
- Modular, enabling easy and quick assembly or disassembly, adjustment and expansion, and efficient storage
- High-quality construction and finish
- The materials are easy to separate for reuse or recycling
